

# Technical Data Sheet

# NON-CHLORINATED CLEAN BRAKE 50 STATE FORMULA

- **Low VOC Formula Approved for Use in All 50 states**
- **Removes Brake Fluid, Oil, Grease, & More!**
- **Cleans Brake Linings & Parts!**
- **Can Be Used Without Brake Unit Disassembly**
- **Powerful Spray that Leaves No Residue!**

## DIRECTIONS FOR USE:

- 1) Protect rubber brake parts and painted surfaces from over spray.
- 2) Lightly wet down all dusts and surfaces to be cleaned by spraying in short bursts from a distance of about 18 to 24 inches (1/2 m)
- 3) After surfaces have been wetted, continue spraying at a distance of about 12 to 18 inches (1/3 m) to flush contaminants from surface.
- 4) After spraying brake parts thoroughly, allow to dry (or wipe with a soft, clean cloth). If deposits are heavy, repeat application.
