

SUPER PENETRANT LUBRICANT

With PTFE

- UTILIZES AN ADVANCED FORMULA WITH PTFE
- LOOSENS FROZEN PARTS - BY "WICKING" THROUGH RUST, SCALE, SOIL, GREASE & GUM
- LUBRICATES, LEAVING A THIN FILM OF OIL
- DISPLACES WATER FROM IGNITION SYSTEMS TO HELP START WET ENGINES
- STOPS RUST & LEAVES A PROTECTIVE FILM

Let **SUPER PENETRANT LUBRICANT** *With PTFE* do the hard work for you when dealing with frozen and seized up parts. We developed this formula to not only penetrate fast to loosen parts, but to also provide lasting lubrication to prevent future seizing. With thousands of uses around the garage and the home. BERKEBILE OIL's **SUPER PENETRANT LUBRICANT** needs to be in your toolbox!
