

BERKEBILE **INSTANT** **SALT CUTTER** ROADWAY SALT NEUTRALIZER

INSTANT SALT CUTTER will neutralize and cut down road salt on vehicles and equipment better than anything else in your shop. The ultra-concentrated formula means more cleaning power per gallon and less damaging salt on your equipment! **INSTANT SALT CUTTER** utilizes a specially engineered, industry leading formula that was born in the harsh marine environment of the South Pacific. This "KDS" technology isn't just for boats though.

Use **INSTANT SALT CUTTER** to remove and neutralize harmful roadway salt build-up from your car, truck, trailer, equipment or building. Safe to use on siding, windows and fixtures, and anything else that comes in contact with roadway treatment chemicals (salt / brine). Ideal for use on snow removal vehicles, will remove salt build-up and grime from the entire salt / brine treatment system (hopper, chains, spreader disks).

Features & Benefits

- Safe to apply to any surface
- Non-hazardous / Non-toxic
- Biodegradable and environmentally safe with an industry leading PH Neutral chemistry
- Can be used as an engine flush, salt remover and general grime removing cleaner
- Born in the South Pacific but is 'Made in America' for maximum salt removal in all conditions
- Blends surface-active agents, which quickly break down salt and dirt, which is then rinsed away
- Offers leading dilution values with leading raw material quantities averaging 25%
- Also acts as a rust retardant and removes surface rust from many metal surfaces
- Extremely low impact on the environment and waterways

TECHNICAL DETAILS

- **Powerful Cleaning** - Comes from a blend of two carefully chosen surfactants that act to promote the transfer of contamination into water to be carried away by rinsing.
- **Cuts Salt** - Has two powerful dissolving solvents that are effective on protein type contamination and break salt down to its core components.
- **Foam Control** - Was developed to foam on mixing with water at levels as low as 1% to allow a controlled bubble size, enabling good visible inspection during cleaning.
- **Brightens Surfaces** - Helps enhance the white look by reducing the yellow undertone of most surfaces.
- **Marine Engine Flush** - Contains a highly effective corrosion inhibitor that acts to remove salt formation and can effectively clean out engine cavities with a mixed solution as low as 5%.
